

make yourmark

Want to make your mark in the world? Think consulting is the way to go? Then consider Towers Watson.

We bring together professionals from around the world — experts in their areas of specialty — to deliver the perspectives that give our clients a clear path forward.

Vacation work is a great opportunity to experience, for yourself, the work we do and the part you can play in our success. Vacation students often go on to become graduates helping our clients reach their financial objectives. We offer talented students career opportunities in the areas of Benefits, Risk and Financial Services Consulting, Financial Modelling Software and Investment Consulting.

We are seeking enthusiastic students, with strong academic records and good communication skills, to join our team over the 2010/2011 summer break. Although we have a preference for students in their penultimate year of study, we will consider candidates from all years.
